Delivery Address

Computing and room facilities

Where would you like to conduct this training event?

We have a meeting room / Board room of an appropriate size

What computer facilities would you like to use for this event?

We would prefer to use our own computers and move them ourselves

Do you have a SAS 9.2 computing environment we can use for this event?

We can use our existing SAS 'Development or testing' environment

Provision of Web based Pre requisite testing and summary analysis

Please provide web based pre requisite testing and a resulting summary analysis for intended participants.

No Thanks

Please provide web based post-course testing and analysis

No Thanks

Course Topics

SAS® Programming - Basics

SAS® Programming Basics

This topic covers all the basics of the SAS programming language to effectively extract and summarise data.

Students will not only learn SAS code syntax. They will understand how SAS processes and the logic behind turning a business problem into a code solution. Both non technical people and self taught SAS professionals have found the material here to be challenging and very insightful. Providing the ability to not just write basic SAS code, but confidently understanding what it is going on behind the scenes.

- Program Data Vector, Program Compilation and Execution
- Basic SAS software procedures
- The basics of the data step
- If/Then logic in SAS software
- Functions and formats in SAS software
- Summarising data using SAS software procedures
- Merging, Concatenating and Joining data with SAS

Total approximate delivery time based on selected topics: 2.00 Days.
This estimate includes breaks and is based on a 7hr training day

Terms and Conditions

Course Cost

An invoice for the full price of the course (excluding travel expenses) will be raised upon course confirmation and is payable before the course commencement date. If the instructor needs to travel from interstate, any further travel related expenses will be invoiced separately after course completion. These expenses will be under the levels set out in current [ATO rulings](#).

Course Cancellation Policy

Cancellations up to 2 weeks prior to the event will be refunded in full. Any expenses incurred by TeamPlayer within 2 weeks of the event will be deducted from any refunded amounts. Any cancellations one business day prior or on the day of the event will not be refunded.

What happens next

Upon booking your course. An invoice will be raised (excluding travel expenses) and sent to you via email along with a link to authorise our client services document online via EchoSign. The document has been specifically designed to provide you with assurances YourTeamPlayer respects your intellectual property, software licences, confidential information and so forth.

After we receive authorisation and payment. We will send you or the students a confirmation email containing all the course details and make all the necessary arrangements for your course.
